

US-RUSSIAN PEACE CORPS

**What if we had joined developmental forces under
Boxer's HR1807 in 1989?**

IF BOXER'S HR1807 OF 1989 HAD BEEN ENACTED

And Soviets & Americans had been serving together as PCVs for almost 30 years by today,

- Would the US, USSR, and world today be spending less on guns and more on sustainable development?

And would those tens of thousands of American & Soviet PCVers who worked, roomed, and drank beer and vodka together...

- Have made understanding and cooperation between the Bear and Eagle soar more easily today?

WE DO STUFF TOGETHER IN THE HEAVENS, WHY NOT DOWN HERE?

ISN'T IT TIME TO SHIFT EMPHASIS FROM MERELY MILITARY COMPETITION & SERVICE?

People's Lobby's AWSCNS Proposal urges other nations to replicate robust national service legislation & joint Peace Corps.

If we had done
HR1807 in 1989...

Wouldn't the
world be
safer today?

For kids' sake,
why not
reintroduce
HR1807
today?

**HR 1807,
in short:**

Russians & Americans
would train together.

Directly address development
needs together.

Form bonds, not bombs
together.

WHY NOT PUT HR1807 INTO THE LEGISLATIVE HOPPER IN 2016-17?

See how the peoples of each nation respond.

How their Federal Assembly and our Congress communicate on working together.

And how the Executives in each nation respond...

What would JC do?

ASK YOUR CONGRESSPERSON IF THEY WOULD...

- Sponsor, co-sponsor, or support reintroducing an updated version of Boxer's HR 1807.
